Shed Permit Application

Name _____ Phone _____

Address _____

Contractor _____ Phone _____

Size _____ Estimated Cost _____

Maximum Size: 160 Sq. Ft. – 12' high

Must be 10 feet away from all buildings and 3 feet from the lot lines.

Utility sheds shall be anchored to the ground using wood or metal stakes, concrete piers, heavy posts, concrete slabs or in some such similar manner.

Utility sheds shall be set back not less than 3 feet from the side and rear lot lines. If any shed contains an eave, which extends beyond the shed walls, the farthest edge of the eave shall not be less than 3 feet from the lot line.

Utility sheds shall not have gas, heat sewer or water service. If the shed has electric, a \$40.00 fee shall be paid in addition to the permit and inspection(s) cost. There is also a bond deposit which is refundable after passing inspection(s).

Sheds may be located in the rear yard only and there is a limit of one. No flat roofs allowed.
