2025 Chipper Service Guidelines and Schedule

The chipper truck service is provided to single family homes within the Village of Worth. The service is not available to commercial businesses, townhouses, condominiums, apartments, new construction, not approved for occupancy properties or vacant lots. **The chipper service will not pick up branch materials cut or placed at the edge of the roadway by any contractor or professional/commercial tree trimming/removal companies.**

To ensure a timely branch pick up please put your branches at the edge of the road the night before. Please avoid placing branches out before your pick up week or after the truck has serviced your street/address. The branch pile may cause storm water drainage problems or block the view of motorist and pedestrians creating a safety concern.

Branches should be cut 8 feet long with a maximum diameter of 5 inches. **Please no vines or vine like materials, they will not be removed.** Branches larger than 5 inches in diameter must be cut into logs 18 to 24 inches long. The amount of tree branch material is limited to ½ the width of your property.

For safety reasons the chipper service only takes branches cut to the proper length. Any materials other than properly cut branches will be left for the resident to dispose of.

Branches should be neatly stacked and placed three feet from the edge of the roadway with the cut ends of the branches facing the roadway. Improperly stacked branch piles (cross stacked or bird nest stacked piles) will be passed by and will not be picked up until they are properly restacked.

Area 1: 111th St. to Home Ave. & Ridgeland Ave. to Oak Park Ave.

Mondays Area

4/7/25 5/5/25 6/2/25 7/7/25 8/4/25 9/8/25 10/6/25
